

English

In English we will continue to build on what we learned last half term. We will be focussing on speech and how to include this in our writing. We will be learning the stories of 'Alice in Wonderland' and 'Mr Ben' as well as looking at some interesting poems linked to our topic. This will allow us to write our own stories and poems using these as inspiration.

Maths

In maths we will continue to build on what we learned last half term. We will be counting forwards and backwards to and from 100 from any given number, focussing on 2's, 5's and 10's. We will be adding and subtracting with numbers to 100 and looking at how each one of these methods can help us when using the other. We will also be looking at multiplication and division problems and applying our knowledge to real life word problems. We will also be looking at SATs style questions to prepare us for later in Year 2.

PE

We will continue to focus on multiskills and using different equipment to improve these skills. These include: kicking, throwing, running and jumping.

RE

We will look at the story of Noah's Ark, as well as places of worship and different celebrations. We will also look at the Nativity story and festive activities!

Design & Technology

We will be designing, creating and then evaluating 'growing cookies' linked to Alice in Wonderland.

What could you see through the magic door?

Year 2
Nov -Dec
2020

Computing

We will be using technology in a number of our lessons and activities, such as during Music to record and watch our own performances.

Music

We will be creating our own music to compliment the story of Alice in Wonderland.

History

The subject of History will link in with different pieces of work over the half term. We will look at the history of story writing in English, as well as the history of works of Art in our Topic lessons.

Geography

We will be looking at the continents, countries and seas of the world. This will help us create a class map of the world to display on our wall to help us remember!
We will also use song to help us remember!

Science

In Science we will be focusing on Animals and how they grow and survive, whether in the wild or at home. We will also look at the life cycle of a creature, as well as baby animals and the process of them growing.

Art

We will be learning about the artist Salvador Dali and recreating some of his artwork. We will be linking this work to our topic and imagining and creating some personal artwork too.
