

# Nursery Panda Class Newsletter

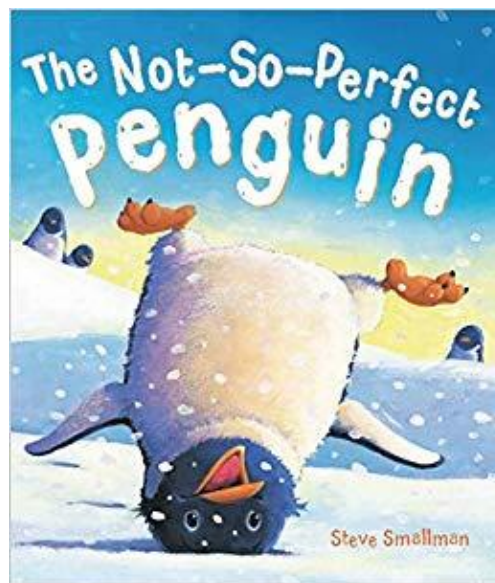

## Maths this week -

Along with revising our knowledge of numbers this week by counting snow balls, penguins and snowflakes we will begin learning about 3D shapes.

I wonder why it's cold?  
W/C 4.1.2021

## Book of the week

## This week

We will be making penguin cookies following listening to our story of the week.

## Guided Reading

Guided reading in nursery is a story session where we look closer at the book/story. We learn about words such as - author, characters, beginning, middle and end. We also look at the language used in all books - both fiction and non-fiction.

## Welcome Back

We hope that you all had a safe Christmas and that you and your families all kept well.

We would like to thank you for your continued support in nursery in these challenging times and we are looking forward to another successful term ahead.

We have lots of fun activities and learning opportunities planned for the rest of the year and look forward to watching your children flourish and progress further into the young learners that they are already becoming.

## Phonics

This term we will begin phonics lessons where the children will learn about the sounds that letters make. We will take part in small group activities to help us listen and sing songs to help us remember the sounds that are in words. The children will also have a whole class lesson to begin learning a focus sound of the week. This weeks' sound is -

's'
