

Nursery Panda Class Newsletter

Maths

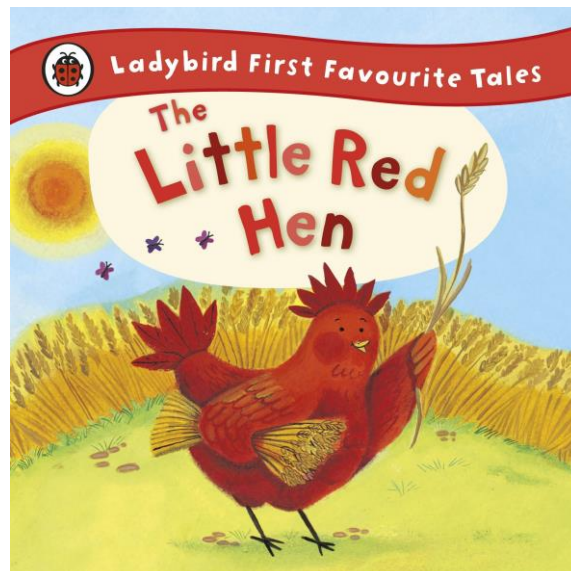

We will be taking part in 3 short maths sessions per week where we will look at number, shape, space and measure.

This week we will continue to look at number and concentrate on one number per week. This weeks number will be the number 1

1

W/C 5.10.2020 Week 5

Our book of the week this week is -

This Week -

Bread Making

Following what we have learnt so far about 'where our food comes from' we will be making bread this week. After we listen to our story of the week we will work in small groups and take our bread rolls home to taste.

Circle time

We will take part in a circle time where we will discuss and share what makes us feel sad.

Next Week

We will begin 'Talk for Writing'. In nursery we look at how a story is structured and story language, eg- beginning and end. We will read the story of the week several times and then paint a picture of a character in the story that we can remember.
