

English

In English, we will continue to work on writing in full sentences remembering to include a capital letter, finger spaces, use our Freddy fingers to sound out words and full stops. We will also start to use more adjectives in our writing when describing characters or settings. We will be writing in many different forms this half term; stories, instructions, fact books and diary entries. We will be using texts such as Man on the Moon and How to Catch a Star to support our writing.

Maths

In maths we will be continuing to solve addition, subtraction, multiplication and division problems using written methods and Base 10. We shall also be looking at fractions of a shape or number this half term. We will also be using directional language and learning what a half, quarter and three quarter turn is.

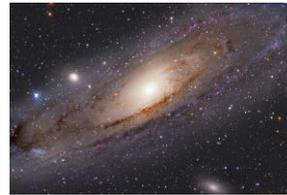

Design & Technology

We will be designing and making moon buggies

Is there anything out there?

Year 2
Jan - Feb
2021

Science

In science we will be looking at animals including humans. We will be looking at what humans need to survive and in what environments humans could survive. We will also be looking at food groups and naming parts of the body.

PE

We will be focusing on multiskills and using different equipment to improve these skills. These skills include: kicking, throwing, running and jumping.

Computing

We will be creating instructions to guide space men to different planets. We shall also be using different programmes to create instructions and using directional language.

History and Geography

We will be looking at the story of Neil Armstrong the first man on the moon. We will be watching the first moon landing and writing a recount. We shall also be looking at the different continents and oceans of the world.

RE

We will be focusing on Judaism for RE this half term. We will be looking at the life of Jewish people and celebrations in Judaism.

Music

We will be learning how to express feelings through music as well as using different tuned and untuned instruments.

Art

We will be using lots of different art materials to create space scenes and as a class we shall also be making our own solar system.
