

King's Park Infant School

Reception News

13/11/17 - Our new topic is 'I wonder what we can make' based on super hero's and comic strip.

Letters and sounds - This week we are focusing on **y, z, zz & qu**. We will revisit all our jolly phonics each day and start to use all the letters we now know to read and write 2 and 3 letter words.

Handwriting – Remember we are practicing cursive letter formation every morning from 8.45 so please make sure your child is in school on time.

Well done to all those children who now drink just water at school.

Quick Reminder

PE - Wednesday morning (please make sure all clothes are named)

Reading - Everyday if possible

Library - Thursday morning

Drinks - please make sure they only have water.

We will be learning . . .

In Maths – They use the days of the week in context, e.g. story. They recognise a minute as unit of time. They can count actions carried out in a minute (less than 20). They can recite numbers to 20, then 100. They can count back from at least 10 to zero. They can order numerals to at least 10 and count up to 20 objects. They know ordinal numbers, like first 1st, second 2nd and third 3rd. They begin to estimate quantities, e.g. choose from 5, 10 or 20. They can count actions and sounds.

In Literacy – Sometimes they use some clearly identifiable letters to communicate meaning, representing some sounds correctly and in sequence. They listen to stories with increasing attention and recall. They can describe the main setting in a story, events and principal characters. They show an interest in illustrations and print in books and print in the environment. They recognise familiar words and signs such as own name and advertising logos.

We are looking at comics . . .

Do you know all the super heroes names?

Who is your favourite comic strip character?
