

Grove House Year 1

Welcome to Year One at Grove House Infant School. Our class is called Turtle Class.

The teaching staff in Turtle Class are Miss Kemble, Mrs Cowling and Mrs Calver.

In Year One we are Captain Curiosities by learning through a creative and practical curriculum based around different topics each term.

Our topics are:

Who can save the toys?
Should we bring dinosaurs back from extinction?
Is it a bird, is it a plane?
Would you like to live in a fairy tale?
What's the commotion in the ocean?
Where does our food come from?

You can find more information about our topics by referring to our curriculum plans.

Our daily routine consists of core subjects, which include English, mathematics and science. We follow the Letters and Sounds phonics program to support the Year One phonics screening check. Creative subjects are taught based around our topics.

We ensure all children enjoy learning by giving them a broad fun learning experience through trips, hook days and visitors.

Check back regularly for photo updates.
